

## Need to reset your PIN?

There are 2 ways to make the change, depending on which PAC (public access catalog) you use to access your account – either way works. We recommend using the LS2 PAC because you can set up an easy login where you pick your own username and password.

If you access your account from the LS2 PAC –

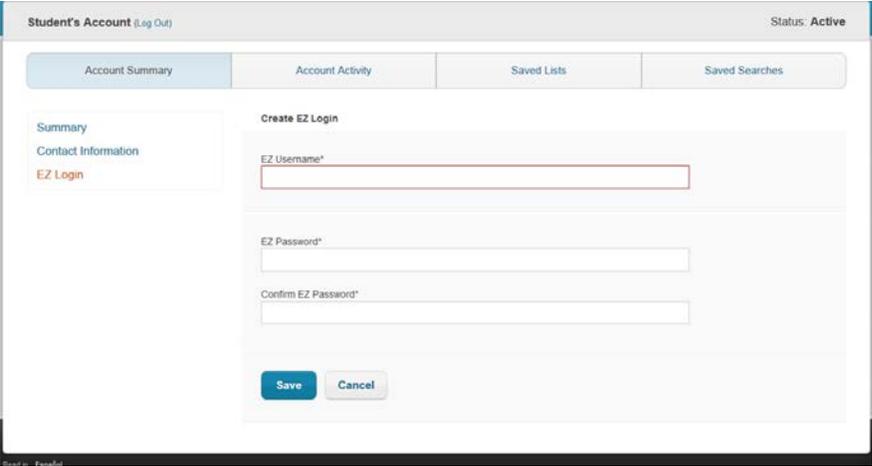

(<https://denver-seminary.tlcdelivers.com:8080/?config=ysm#section=MyAccount>)

it will look like this:

The screenshot shows the 'Student's Account' page for the 'Carey S. Thomas Library'. The page has a blue header with the library name and a search bar. Below the header, there are tabs for 'Account Summary', 'Account Activity', 'Saved Lists', and 'Saved Searches'. A blue arrow points to the 'EZ Login' link in the left sidebar. A red notification box states '1 issue needs your attention' with a balance of \$0.60 in fines. The main content area displays 'Patron, Student' information, including contact details and library card information.

Click where it says EZ login and you will get to this screen where you can create or change your login:

The screenshot shows the 'Create EZ Login' form. It includes fields for 'EZ Username\*', 'EZ Password\*', and 'Confirm EZ Password\*'. There are 'Save' and 'Cancel' buttons at the bottom.

If you access your account from the Classic Pac –

(<https://denver-seminary.tlcdelivers.com/TLCScripts/interpac.dll?PatronForm&Config=ysm&Branch=,0,&FormId=>)

– it will look like this

**Please enter the following information:**

Patron / Alternate ID Number:

PIN:

**Submit Request**

**Note:** You must be a registered patron of the library before submitting a request.

**Note:** This is a temporary logon. Use the "Log On" button to start your session.

After you enter the information, you get this screen – note the edit PIN at the top of the screen:

The screenshot shows a web interface with a dark red header. On the right side of the header are links for HOME, HELP, SEARCH, and LOG OFF. Below the header is a navigation bar with buttons for Print, Edit Account, and Edit PIN. The main content area displays "Welcome New!" on the left, a "Quick View" tab, and account details: "Patron Name: New Patron" and "Status: Active".

Click the Edit Pin button and you get this screen:

**Edit PIN**

Current PIN:

New PIN:

Re-enter New PIN:

**Submit Change** **Cancel Change**

Enter a new PIN. Note: This will reset the PIN for your account (both in Classic PAC and LS2PAC – but not your EZ login password in LS2PAC)
